

WE WILL DRIVE YOUR CAR OR VEHICLE ANYWHERE IN THE UNITED STATES. (Resto

Location

Washington

<https://www.genclassifieds.com/x-570984-z>

Hi, my name is Jim. My wife and I love to drive. I do the driving and she does the navigating. If you live within an 80 mile radius of Washington, DC or a 40 mile radius of Woodstock Virginia and you need your vehicle driven somewhere in the United States then give us a call. We are glad to drive vehicles for companies also. Or maybe you would rather fly to or from Florida and have your vehicle waiting for you at the airport. Or maybe you are moving, and would like us to drive your moving van rental for you while you drive your car. We will also pick up and deliver online purchased vehicles. I am a 44 year old white male and I have a Class B Commercial Drivers License and I am air brake certified. I have a good driving record with no accidents. My wife and I do not drink or smoke and are very clean people. We will drive your vehicle "car, truck, big truck, box truck, dump truck, flat bed, motor home, moving van rental" whatever kind of vehicle you have and trailer if you have one where ever you need it to go in the United States as long as it is legal has current tags, insurance and what ever we are hauling is legal. We will provide you with a copy of my drivers license and contact information. We will also provide you with access to our real time GPS tracking service so you can keep track of us and your vehicle as much as you want, any time you want 24 hours a day 7 days a week. We can also provide you with references from our past customers. Our fee is .80 Cents per mile plus \$50.00 for the first 999 miles towards our overnight expenses unless the distance driven is so short that we will not need to stay overnight. Their will be another \$50.00 charge for overnight expenses at 1000 miles and for every 500 miles driven after that. If you would like an idea of how much the price will be for us to deliver your vehicle somewhere. Go to MapQuest at this address " <http://www.mapquest.com/directions> " and fill in the departure street address, then the arrival street address. After you get the mileage times that by \$0.80 then add \$50.00 for every 500 miles driven. I guarantee you that the price will not be any more than that. Almost always it is less mileage than what MapQuest says. The final price will be based on the actual mileage driven. If it is over the amount of mileage that Mapquest says you will not be charged for the extra mileage. You pay for the gas and any maintenance. We will pay for our food and our way back home. However a ride to the airport or train station would be greatly appreciated. We live in the Northern Virginia area, but if you need a vehicle driven from another state we will be glad to do that too for the same prices as quoted above plus you pay for our way to get from the train station, bus station or airport to the vehicle. If you need something driven somewhere or know of someone who does. Please give us a call at ?

If we do not answer please leave a message. We have been very busy driving vehicles back from Florida for the people that live there during the winter months. We are in and out of signal a lot. Thanks
