I have one girl&one boy parakeet. The boy is green. The girl is yellow. I'm selling them for \$25 each or reasonable price. They are very healthy&playful. There's a cage available, if you want it- which has toys and food containers with it. The price for the cage is negotiable-just ask. I'm only selling them because I'm getting a much bigger bird and I have no room for two cages. You must come pick up the birds if you want them. Text me if you have any questions :) my number is
