Very sweet, gentle long haired female cat free to good home. This cat is a Blue Persian (not pure bred) five years old, very friendly and healthy. She has had all her shots as a kitten but has never been fixed. She has kind of a pushed in nose which gives her a very cute appearance. She would be good for a family or person who would like to breed a cat and raise kittens. I am disabled and will be having major sugery and can not care for this beautiful cat anymore. Check out the pics, no fee or anything just your love.
