

Hermit Crab Shells (Marlboro area)

Location **Massachusetts**
<https://www.genclassifieds.com/x-571073-z>

We have a number of shells to pass along that we were never able to use (we went a little crazy buying these for our guys and they had a surplus). There are a variety of sizes, both D and round openings, clean and boiled briefly for sterilization (which is what we had done for our guys and they all remained very healthy). Shells vary in size and are mostly between 3/4" - 2" (total size) with openings between 1/2" - 1.25".

Photos are of green/brown turbos, tonnas, tiger eyes, babylonia, whale's eyes, striped snails, brown land snails, pink delphinula, murex and others. We have hermit crab food/water dishes (\$1 each), large zoomed heating pad (\$10), tank decorations (varied prices) as well. Below are individual prices for the shells, or entire set of shells \$40 (we will throw in about a dozen extras that we had found after photos were taken if you buy the who group of them):

Turbos, med-large - 50 cents each SOLD
 Turbos, small - 25 cents each SOLD

Tonnas (2 pictured) - 75 cents each
 Bonnets (3 pictured) - 75 cents each
 Babylonia (4 pictured) - 75 cents each

Snail shells (varied) - 50 cents each SOLD

Pink Delphinula - 25 cents each SOLD

Small - 25 cents each
 Large - 50 cents each

Nautica lineata - 50 cents each

Please ask us any questions. If you are local, we can meet so that you can pick through the shells, or we can mail items to you if you factor in cost of postage (if we are to mail, please purchase at least 6 shells).

Thank you.
