

Metal drummer available (Leominster)

Location Massachusetts

https://www.genclassifieds.com/x-571082-z

Experienced drummer looking to start new band or join existing. I'm currently involved in a project that is going nowhere and I need to start over. Would prefer to get involved in something that's up and running or close to. Please send me tracks to check out and I'll send some back. I have place to jam. Very nice place not in a dumpy
