BLACK TAPE SHOOT (florida)

I recently started my own Black Tape series and I'm looking for several models for this project. I am looking for some brave ladies of all ethnicity to give my series variety. This is a TF shoot. Shoots will take place at home studio in Fort Lauderdale. I will work with each model according to her scheduling availability. Model will receive her favorite 5 shots edited There is no nudity required for this shoot BUT please understand that you will be wearing only tape and a few accessories. THE PHOTOS WILL NOT DEPICT ANY NUDITY BUT YOU MUST BE COMFORTABLE BEING NUDE WHILE I DESIGN YOUR OUTFIT AND APPLY IT TO YOUR BODY.

see example <http://blacktapestroject.com>
please send You info and couple picture to .

We use electrical tape and it is VERY edgy looking (not quite bondage but...) Height/face/race/age does not matter much
It takes about 90 minutes to apply the tape so you need to be patient. This artwork is VERY tedious so please... bring a friendly attitude

After that there is a brief photoshoot. The whole thing takes about 2-3 hours . A camcorder will be running from start to finish to record the event. You may select 6 images for your personal use.

This is performed in a professional studio near Commercial blvd As always, no chaperones.
