Hello everyone.. So I am over whelmed and need to find my babies a great home. I'm not looking for trades of other animals and I'm not lowering my prices! May trade for useful items. First I have a male cockatiel. He is 15 weeks old and does need handled as he is not hand tame. Him and his large cage that needs replaced is 60\$. I have a female not fixed Pom/pinpollo mix for 200. She is utd on shots except rabies. She weighs 4 lbs. I also have a female pot belly pig that is 15 weeks old. Been outside but can be trained inside. She does use the litter box. Asking 50\$. Without cage. Plz text or call

Thanks an have a blessed.
