I'm looking to get kind of serious about making music and I would like to have a band to play with. Lateley I've been into Shoegazey post rock stuff, even some black metal. Some of my influences are: Slowdive, My Bloody Valentine, Godspeed You! Black Emporer, Deafheaven, Beach House, Alcest, etc.

Here's my bandcamp to give an idea of what kind of music I play:<http://michaelsalyers.bandcamp.com>
