

Tree removal (Scandia)

Location Minnesota  
<https://www.genclassifieds.com/x-571162-z>

Looking for someone interested in removing (5) maple trees on my property. Range from 20"-35" in diameter, tall and straight easy to drop. Not near any buildings or power lines. Payment will be the hardwood harvested from the job. Not looking for a tree company. I have pics of the trees if interested in the job. I could burn the branches if piled in one spot in my burn pit. Thank you,
