WHY SUCH A GREAT RATE FOR 2 MEN WITH A FULLY EQUIPPED MOVING VAN? I want to keep my crews working everyday so I have lowered my rates for Craigslist only based on availability.

- We are fully insured and will send you a friendly, experienced crew trained to take all the stress out of your move. Our hourly rate for 2 men with a fully equipped truck is \$65.00 per hour.
- We will move your apartment, home or office with no hidden charges as we go strictly on an hourly rate.
- We are a full service moving company and will do professional packing if needed as well.
- Want a flat rate no surprise price? Just tell us what we will be moving and the locations from and to and we will give you a guaranteed flat rate price.

Please call to check our availability for your move date to take advantage of a great price for a professional move.

Call during or after normal business hours. If with a customer or on another line please leave a message and I will promptly return your call.
