I am downsizing my collection, and am offering for sale 2 bearded dragons. These beardies have been on a healthy, varied diet of greens, vegetables and fruits, and have been under full spectrum lighting, with bulbs changed every 5-6 months. These pics don't really show her colors to the best, and she is in with the male just for size comparison.

A Sunfire/Citrus female, approx. 3 years old, proven breeder, healthy, mellow. May nip if you have red or pink nails, she is quite fond of that color foods! \$55.00

A healthy, normal male, very mellow and chill, great appetite. \$40.00

I also have a 20 gallon long aquarium with metal screen lid, a slide in, \$20.00
