If you need to remove the tint from your car windows, I can do it for cheap.

\$10 for the front 2 door windows.

\$35 for 4 windows and the back glass.

\$40 for 4 windows, back glass and small quarter windows.

\$5 for the strip at the top of the windshield.

\$10 for the entire windshield.

I can do the work at my house.

Cash money up front only.

Please reply with "tint removal" or I will not respond due to excessive spam.

Thank!
