Hello,

I am looking for any information on my puppy Bonnie, She is a pure breed blue nose pit bull, My dad just gave her away to a couple that was driving pass his house in Green Bay when he had her and his dog outside and they stopped and said she was pretty so he gave her to them, all he said was that they were supposedly coming from church and they have kids. I am willing to pay \$500 for her safe return back to me, I have been constantly going to the animal shelters and vets to see if they would have dropped her off but no luck, I am praying that we find our way to each other again, it hurts to think what she is going through, please if anyone has any information on her or the people that may have her or where she may be please don't hesitate to call or text me, and whomever returns her to me will receive \$500 no questions asked, you return her and we go our separate ways, I just miss my baby and want her back.

Thanks!

Tay

UPDATE!!

It's 6-2-15 and she is still missing, She would be 10 months by now, I am starting to fear the worse, If anyone has seen her or has any information on where she might be please get in contact with me.

Thanks!
