## ORDER A NAME LOG FOR SOMEONE

I carve these Name logs out of Cedar with a chainsaw and seal them. These look great at the front of your property or near the house in some landscaping. I ship these to you for about \$30 and they will be to you in three weeks. They make great gifts or look awesome in your own front yard. We have two styles that range between \$150 and \$250. My website gives the best examples.
