

Do you or does someone you know feed unowned cats

Location

Maine

<https://www.genclassifieds.com/x-571785-z>

Community Spay-Neuter Clinic has been chosen to help measure the use of spay-neuter of Community Cats (feral, stray, barn) in reducing the number of unowned cats in Maine. With support from the Elmina B. Sewall Foundation and Center for Wildlife Health Research, we have created a survey and want to hear from you.

YOUR INPUT IS CRITICAL AS WE identify future needs for helping cats in Maine. Don't worry, this survey is anonymous, and we won't ask for identifying locations of cats you know about.

Please take 5 minutes to visit www.communityspayneuterclinic.com and clinic on survey link to participate, then share this email with friends and family. The more people we hear from the more accurate our survey will be!
