My name is Chelsea. I am 25 years old and I live on the south side on Thompson. I just have one son that is 2 years old. I currently work at Fifth Third Bank but have decided it would be best for me to stay home with him. Since I am staying home with him I wanted to start watching children to help out with the bills. I also think it would be a great way for my son to be around other kids.

I have worked at Fifth Third for five years. I also worked at Starbucks for 5 years. I have had experience with watching children. My mom had a daycare for quite awhile and I helped her with that. I also watched two boys for about 5 years. One of them is autistic. When I started watching those boys the youngest was a newborn. I do have experience with newborns as well as toddlers. I am very patient, caring, and dedicated.

I live in a quiet and nice neighborhood. Our home is a tri-level home and we have a playroom for our son that is downstairs. I also have 3 bedrooms for naps. If you feel comfortable, I would love to watch your kids in my home. Your kids will be in a safe, clean, educational, and fun enviroment!

I will make sure to work with your kids on whatever you want/need me too. I will do arts and crafts, read, and have fun with your kids.

I have a very flexible schedule and would be able to watch your kids whenever you would need it. I can also meet you whenever so you can see where your kids will be and get a feel for it.

If you need any other information please let me know!

Thank you,
