As cheap as computer electronics are these days, when they are outdated, broken, or just plain ugly...it doesn't make sense to invest money into getting them fixed or updated.

What a great time to free up some space in the garage or Computer room full of clutter AND possibly even get some cash money for those computers and Laptops and old pieces and parts that are never going to be used again!

We don't want to see this stuff end up in the landfill as it contains hazardous material such as lead and mercury, plus why would you want to pay the dump to dispose of this when you can get CASH from us?? We are E-Recycling Solutions and we are your solution to getting rid of this stuff.

We will accept: (any of the following can be complete, broken, half missing stuff. . .we don't care !!)

- â€¢ Old Computers
- â€¢ Old Laptops
- â€¢ Boxes of random Computer parts
- â€¢ Flat Screen Monitors
- â€¢ OLD CRT TUBE MONITORS (when paired with a computer)
- â€¢ Any old Computer plugs and wires

â€¢ Printers

For the best part, you have 2 or 3 days to get your stuff to us and we will even give you a cash offer for your stuff if you keep it for a while of the lot and providing it is more than 100 lbs to recycle.

Because we all want to help keep this toxic stuff out of the landfills and dumpsters, it is the best thing to do to get this stuff to us, you can come down to our recycle center located in Garden City, or in many cases, we can pick this stuff up from you at no charge!! Our Recycle Center is located on 44th st in Garden City. You Need to call us at 602-6132 and let us know when you would like to come down. Our hours can vary because sometimes we both are out doing recycle pickups!! SO PLEASE CALL FIRST.
