Groceries Delivered for Free, No Item Markup! Keep reading to find out how!

Shop n Drop is a grocery delivery business in the greater Manchester / Nashua area. "You get us your shopping list, set a delivery time convenient for you, and we take care of the rest!"

To help us grow the business, we are looking for what we call "Power Savers". Here is a brief description of what a "Power Saver" is, and the benefits to you for being one:

First, you are a customer of Shop n Drop, and you take advantage of the service we provide, and enjoy the benefits, such as. . .

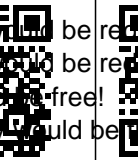

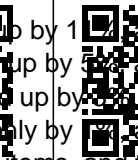

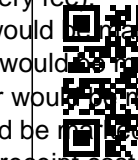

- Convenient delivery times set around your busy schedule
- No more fighting crowds, long lines, parking
- No more heavy lifting, no more multiple trips from the car to the kitchen
- No more fighting the weather, the rain, the snow, the heat, or the cold
- We shop for items at other stores for more than just groceries -- "if you need it, we can get it"!
- You find the deals, you cut the coupons. . .and we go get the items

Please check out our website at www.shopndropnh.com, to see all about Shop n Drop.

Then, you find others, such as family members, neighbors, friends, or co-workers, and introduce them to Shop n Drop. Once they take one (1) delivery* they become your referral, and you begin to enjoy financial benefits toward your future orders. As an example (assume your orders are \$145.00 each delivery, your first order you pay 14% markup on items, and a \$6.95 delivery fee):

- With one referral, you pay 14% markup on items, and a \$6.95 delivery fee.
- With four referrals, you pay no markup on items, and a \$6.95 delivery fee.
- With eight referrals, you pay no markup on items, and a \$6.95 delivery fee.
- With 16 referrals, you pay no markup on items, and a \$6.95 delivery fee.
- At 20 referrals you would only pay the receipt cost of all items, and the delivery is still free!
- At 25 referrals, you pay only the receipt cost, free delivery, and we will give you a \$15.00 gift certificate good towards your future order!!

Referrals during the first three (3) months, starting with the first one, are applied to your Power Saver account, as they occur. At the end of the three (3) month period, your benefits are based on how many referrals you had in the first three (3) month period, plus any new referrals. At the end of this second three (3) month period, your benefits for the next three (3) month period are based on how many of your referrals used the service (minimum of one (1) time only) in the previous period, plus any new referrals. This sounds tedious, but we will gladly sit down with you and explain how it works. What is important is that you get tremendous benefits by creating a network
