If you have a business where your website just needs small and/or occasional updates, spending time and money on third-party services may not be as cost-effective as possible.

With the arrival of WordPress, adding content, themes, add-ons and files has become as easy as choosing menu options, and it's possible for business owners to administer their own sites, with employees doing the work as co-admins, editors or contributors.

We offer WordPress training for companies, covering topics like:

- Domain setup
- WordPress installation
- WP administration
- Role setting
- Plugin configuration
- Updates
- SEO
- ... and more.

We can come to you, provide our learning materials, or offer remote consultations. Please respond today as prompt booking time ensures timely service. Thank you for your!
