

# Household Projects Painting Yardwork Misc Projects (Concord Manchester area)

Location **New Hampshire**  
<https://www.genclassifieds.com/x-571968-z>

Hello, I am a local grad student and I offer reliable, personal, and quality service in the Concord area. I had operated a self-run business through high school and college providing yardwork, painting, odd jobs, and light handyman work in NH and CT for the past ten years, and as a result I am experienced and efficient. My work is on par with that of professional services, while my rates are considerably cheaper. I am looking to supplement my income by helping you get done what you need around the house this winter.

Please call me (Sean) at or email me at the anonymous address (too many scammers are on craigslist to give out my real email) to schedule. No job is too small, and few are too large for me. I've done all sorts of jobs throughout the years, and I'm always looking for variety, so when in doubt, give me a call! I know first-hand that it's tough to determine who/what is legitimate on this website, so I have references available on request. I look forward to helping you with your projects!

Thanks,  
 Sean
