

Piano Practice Partner Wanted (Durham)

I need a practice partner who plays piano. My goal is to know every blues scale cold so I can start performing back onstage. Although I'll be playing the piano, I want a 'partner' who is playing with me too because I want to practice master fingering inversions and alternating chords left hand/right hand, solo scales, baselines, inversions and reading in a fun laid back rehearsal time with someone who knows what they're doing. I want to be able to rap with someone who appreciates what we're doing. Been taking classes 10 years but haven't played for a few years. Thanks!
