Mack is such a gorgeous dog! He was rescued from a very high kill shelter, and it truly seems like he is grateful for it :) He is about 55 pounds, but needs to add some weight. Mack is about 6 years old, and a typical found - loves to follow his nose! He is strong, but oh, so friendly, and great with other dogs. Also, he has been with children as young as 4 years with no problem. Wouldn't you like a big new?
