

HPI Nitro Savage 25 RTR (225 USD)

Location **Michigan**
<https://www.genclassifieds.com/x-572067-z>

I have an HPI Savage 25 in very good condition. This truck has the GPM 21 purple TVP's, stronger than stock. Heavy purple springs. JR metal gear high torque servo's. HPI 25 engine with TSAIS tuned pipe, Roto-starter and new one-way bearing. Truck includes Roto-start handset, glow igniter, igniter charger, RX pack charger and an Escalade body. Body is beat up pretty bad but it keeps the truck from getting banged up. Stock tires are in good shape. Could use some glue around the rims. HPI transmitter with an Aquacraft receiver. Truck currently has Duracell AA in the receiver. You will need a standard 7.4 stick pack for the Roto-start, 1 "C" for the igniter. It has a NiCD in it but doesn't seem to hold a charge long enough to be useful. I use Traxxas 20% Top Fuel with OS #8.
