Hi, I am a pro bass player of many years. I'm looking for a quality experience with like minded professionals. A start up with the right players is fine. I prefer Jazz (Steeley Dan, FourPlay, Chick Corea, Swing, Bebop, American Songbook, etc.), Blues, R&B, Country Roots Rock and Zydeco. Not into hard rock, the Meat Puppets, Satan, etc. I read charts have a great ear and I'm adept at arranging. Pro equipment, etc. No drugs, I'm here for the music. I have played the major clubs in town. Positive attitude, sense of humor, I learn my parts before rehearsals, can sing backup, all the usual stuff. I want to have fun playing with others - similarly seasoned & talented players with ears. When time permits I invite you to don your headphones and give me a listen: https://soundcloud.com/bigt_bass/sets/tods-big-demo
Thanks!
