Bimba is a 3.5 yr old female chihuahua looking for a home!

She was rescued on the side of a highway minutes away of being hit by a car.

She is the sweetest thing, beautiful personality, very playful! She loves to be around people and is very gentle with kids, perfect for well mannered children. A little bit bossy with other dogs (like a good chihuahua)

Bimba doesn't need lots of space, she just needs a pair of loving arms to cuddle in and attention. She loves car rides and going with you in your bag everywhere. She loves to play tug o war with plush toys

Bimba is very healthy, up to date on vaccines and already spayed!

If you need an angel in your life, Bimba is your girl! Adoptions NY/NJ only!

*There is an adoption
