Hello, this is Jason... If there is a question who this Jason guy is, its Me! Joey Ortiz built me a pond that leaked and burried trees in the dam. Here is a picture of the check that Joey was paid to do a pond for me, Jason. Quit blaming Mike, "Joey Ortiz" for these bad adds. And as long as your on here I'm going to post how my re-build is coming and how you failed in performing your duties as an equipment operator.

So to re-cap... Joey Ortiz owes me a lot of money for breaching contract and I will not quit posting adds so other home owners will not be a victim of him.

Thank you Mike for your advice on the rebuild. You are a true professional and would recommend your dozer service to anyone.

Thank you, Jason. Active Duty
