I am selling a white iPhone 4 8GB. Great condition. It comes with a paisley Vera Bradley hard plastic case and a charger. All of which is in great condition. Has been factory reset and is ready to go for you. I am also selling a black iPhone 4 8GB. This one is in great condition except that the lock button can stick from time to time so you have to press harder on it than normal. It also comes with a charger. It comes with an Otter Box case as well that is in good condition. This one has also been factory reset. I will also be throwing in another charger if you would like for a total of 3 chargers. Still have their original boxes which you will get as well. Will take 210\$ or best offer. You may also buy one of the two phones if you do not want both. Please just let me know what you all would want specifically and give me your offer. Once again, phones are in good to great.
