

Skid Steer Service (Fargo, ND)

Location **North Dakota**
<https://www.genclassifieds.com/x-572751-z>

Hello,

I am writing this post to see if there is interest or need for a very experienced skid owner/operator in or around the FM area. In my normal career, I work approximately 2-3 weeks at a time, and then have approximately 4-5 weeks off, and I am looking to help occupy my time in Fargo. I do all of the skid landscaping work for one of my best friends in Fargo who has several new construction projects per year, but I generally have plenty of free time between those jobs where I could help others. If interested, please write to me and tell me what type of project you have in mind, and we can decide what will be needed in material, skid attachments, time allotment, etc. I am not looking to get rich off of this, but simply to stay busy and make a little extra income, and hourly rates are negotiable within reason. Again, please leave me a message with any project ideas that you may have, and we can go from there.

Thank you
