I'm a recruiter for a major lifestyles company headquartered in Aventura Florida. We are experiencing massive growth and have targeted the metropolitan Philadelphia area including southern NJ as the next hot spot.

We are seeking several business-minded individuals who are serious about building a business and serious about having fun. If you are a complainer, whiner, cry baby or waiting for your ship to come in, this probably isn't for you. But, if you have the spirit of an entrepreneur with a "can do" attitude, you may have finally found the opportunity that's right for you.

Take 4 minutes to listen to a recorded call at Our President and CEO will go over the highlights of this opportunity. After the call, get back in touch with me. You can either leave you information at the end of the call or call me
