New unlicensed, in-home daycare opening in Walcott, ND.

I previously owned and operated an unlicensed in-home daycare while living in Fargo, closing only because we moved out here. We have a spacious house, a dedicated playroom, a large yard that is partially fenced, plastic play equipment both indoors and out, and a selection of toys appropriate for children ages 5 and under.

My childcare philosophy is learning through play. Children are encouraged to free play for at least two hours per day and outside play is a large part of daily activities, weather permitting due to the young age of my own children.

We own a kiddie pool which is used regularly throughout the summer and water is never more than two days old. We own two large, well-behaved, and trained dogs. Both are extremely good with children and primarily use licking and moving as a defense against unwanted play. I offer separate spaces for dogs and kids when appropriate and regularly remove the dogs for recharge time.

We try to take daily walks, again weather permitting, and children old enough to walk are expected to walk as far as they can before being put in a stroller or wagon. I provide no vehicular transportation of children partially for liability reasons and partially because it's hard to install and uninstall carseats on a regular basis and I opt to not keep other carseats permanently installed in my own vehicle.

Carl Jehlik - Owner and operator of daycare

My family just moved to town and I am ready to reopen this daycare I was running in Fargo, I believe in exploration and learning through play, especially outdoors, as much as possible.

"I loved having our daughter at Carl's. We appreciated the love on one care she received every respite when you have to be away from your little one). We loved the fact that our daughter healthy, happy and the pictures we got during the day of the kids." - former daycare mom

- 3 full time roles
- Full time availability
- Four total children in care
- Provide facebook page with daily photo updates

If never felt like I was dropping my two-year-old daughter off at daycare, it felt more like home away from home. My daughter loved going to "Carl's house." I felt secure knowing that she was being cared for by a mother who shares my values. -former daycare mom

New Walcott Daycare

Respite: All time respite was on hold until regular care was dropped from families' schedules for payment purposes upon COVID-19 costs. Failure to pay will result in no state term

I have a childcare handbook which outlines my policies, procedures, payment schedules, and other things of note. Care will not begin until a contract has been signed and completed. I choose to remain unlicensed because I only watch a small number of children. I offer healthy meals made up of mostly whole foods, though I have a weakness for boxed macaroni and cheese and hot dogs. I am willing to work with some dietary restrictions, but cannot accommodate extreme diet restrictions (such as severe peanut allergies and gluten restrictions).

Please contact me if you are interested in local daycare and I would love to talk to you, show you my house and yard, and see if it would be a good fit.
