WHAT IS A PAID SURVEY/FOCUS GROUP?

Focus Groups are a form of research in where a group of people are asked about their perceptions, opinions, beliefs, and attitudes towards a product, concept or idea. Questions are asked in an interactive group setting where participants are free to talk with other group members. When companies or organizations are creating billboards, commercials, changing or enhancing products they like to get feedback from their consumers. You will walk away with a new experience and money as a token of appreciation for your time.
