Mid 1980's Suzuki LT50 that's in good shape. Our kids have outgrown it, and it actually hasn't been run in close to 2 years. We've had it for 5 years or so, and it's always provided a lot of fun for the kids. It's a 2 stroke, and the carb should be cleaned before running it. Tires are dry rotting, but I've put tubes in a couple of them, and they all hold air. The seat has been taped at the back by someone, but doesn't look horrible. Email with any questions, and please no lowball offers. Please put LT50 as the subject, and if the ad is up, it's still for sale.
