2006 GTI 130 NEEDS NOTHING. DOES 50 MPH AND HAS ZERO MECHANICAL ISSUES. ONLY ISSUES ARE COSMETIC, mostly taken care of as a new seat and hand grips were just installed at around \$450. Seat's better than the new one was literally.

**Not really interested in selling but floating the idea of getting new ones. Any and every maintenance aspect is complete on both skii's with Compression print outs of the 1494 cc engines both like new.
