This little kitty lost her mom and we set her up with a nice little place on our front porch. We have 3 dogs or she'd be moved in already..

If you have an indoor place for a baby needing to catch a break in life.. please consider her for your family. Only willing to let her go to a family that can treat her right..

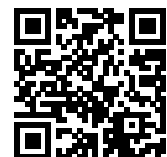

Thnks for reading... You can text me at or 412-5463..if interested.
