Hi all. I'm back in Portland after a few years living in Brooklyn. I'm back at my old digs at Cloud City Sound, a large multi room recording studio in NW.

I am a producer and engineer with extensive major and indie record label and touring experience. I have been working with sound and music for over 25 years. I have lived and worked in Chicago, Nashville, New York, and here. I helped relaunch Cloud City a few years ago and will be taking over as chief engineer there again in July.

A list of some of the artists I have worked with include:

Sixpence None The Richer
Aaron Neville
Plastic Ono Band (Yoko Ono, Sean Lennon, Nels Cline, et al)
The Gossip
Th' Legendary Shack Shakers
Reverend Horton Heat
Need To Breath
Jello Biafra
Hockey
D.C. Talk

Rich Mullins
Marshall Stan
Lost A Model
Houses
Jars Of Clay
Hammock
Big Country
Caves

I'm currently available for bookings starting in July for bands, solo artists, and producers. Email me for
