One of a kind custom made Jeep Ski , Jeep Collectors, need something to set your Jeep apart from the others? This would look pretty slick even out of the water getting towed. Promotional company's, water front businesses , dealerships , I can not even begin to tell you the amount of attention this rig attracts. I live on a very small lake and get chased around by boats taking photos, cars stopping etc. One of the best parts is that everyone ends up putting their photo on social media " look what I saw ". It would also be a great " follow me too " Get your photo taken it etc tool. Just look how much attention and profit Disney is making off of their Aqua Car rides. Its all I hear about when people return. It is very well made and sturdy , mounted on a 2 or 3 seat jet ski frame, with wind surf board. Both the headlights/ blinkers, and boat lights work. It has a gas tank under the hood. It is fine as is, but could easily be upgraded with a good sound system, canopy, new seats etc. Thanks for the interest. ~
