Extremely well maintained vehicle. Needs nothing! Mobil One full synthetic oil changes every 3000 miles and tire rotations every 6000. Runs and drives perfectly. Interior and exterior in great condition. Most maintenance work done myself(will not show up in Carfax). I'm sure I can dig up some of the receipts if you would like to see them. No accidents. This car is still as lively as the day I purchased it! Six cylinder 3.6liter engine VVT and automatic transmission. 181000 miles on the dash. I have performed several tasteful modifications over the years:

- K & N Cold Air Intake
- CTS-V Exhaust
- Eibach Lowering Springs
- CTS-V Sway Bars(front and rear)
- CTS-V Strut Tower Brace
- CTS-V Grille(upper and lower)
- Rear Spoiler
- Alpine Double Din Touch Screen DVD Player with Steering Wheel Controls and Ipod Connection
- Alpine Speakers and Rocksford Fosgate Tweeters
- SPL 2400watt Amplifier and Audiobahn 15" Subwoofers Bolted to Trunk
- Optima Red Top High Performance Battery
- All Interior Lighting Blue LEDs
- HID Conversion Headlights
- HID Conversion Fog Lights

-Drilled and Slotted Rotors

Customer provided 1400 Mats

The patient's new shock collars and links are new, the serpentine belt and new radiator fan are new, engine (ECU) is new. Rear differential is new, transmission 10/2013, rear play timing chain and rear axle maintenance. All fluids were flushed about 1500 miles back.

The exterior has a few small scratches/dents (to be expected at over 180000 miles) but nothing very noticeable. This car looks and feels very sporty. This Cadillac will take you well over 300000 miles! Come and take a test drive! PLEASE BRING AN ACTIVE DRIVING LICENSE AND YOUR CURRENT INSURANCE INFORMATION. NO PROOF OF INSURANCE AND YOU WILL NOT BE DRIVING! Clear title in hand! I don't need to sell but just purchased a pickup truck that will become my daily driver. Email or text with question or to see test drive.
