Hello from Cavens Photography! www.CavensPhotography.com

If you are looking for a quality, professional photographer Cavens Photography can help you by giving you high-quality photos from experienced wedding photographers. We use all FX Nikon professional-quality equipment.

For up to three hours of photography, you pay only \$850 for our weekday (Mon-Thur) Elopement Wedding Package. The average photographer of equal quality would charge anywhere from \$1,500+ for a similar quality outcome. You might ask, "Why isn't Cavens Photography charging \$1,500+?" It's because we believe professional photography should be something everyone should be able to afford, as a Christian-based photography studio (LGBT friendly), it is our responsibility to provide that level of service at a reasonable and affordable price.

ABOUT CAVENS PHOTOGRAPHY

ABOUT Matt Cavens - Owner

Hello everyone, my name is Matt Cavens. I'm a 29-year-old Marine Veteran with a passion for studio and off-location photography. I have always had a love for photography, and I pursued this passion throughout my childhood and teen years and eventually studied photography at Kent State University in Ohio. In the past, my photography studio was more of a side-job for me while I worked various other jobs throughout the years.

Cavens Photography began when I decided to make my dream a reality and turn my love of photography into my career. I am blessed to be able to work with my beautiful wife, Risa, who began shooting alongside me January of 2014. Together, we provide our clients with a professional, streamlined photography experience. Cavens Photography is a Christian based photography studio with a company mission to bring joy to others by capturing their memories and life moments through the camera lens. We believe that the joy that comes from looking at professionally taken family photos should not be a luxury that only some should enjoy, but a joy everyone has access to.

Every session that we do together is an investment in your family. It is time and money spent to not only remember each of life's most precious stages, but to cherish and share with friends and family alike for years to come. We have a family of our own, and we fully understand how precious these fleeting moments are. We simply help you capture them in a way that allows your family to come first

ABOUT Risa Cavens - Creative Director

Hi, I'm Risa Cavens. I'm a busy, stay-at-home mommy to a very spirited little girl. I grew up as an Air Force brat, so I've lived all over the place, but I'm a Texan at heart. I have many passions -- everything from quilting and cross-stitching to white water rafting. Photography was something that I always enjoyed, but never really had the means to pursue. Then I met a handsome young man named Matt, who not only stole my heart, but also made it possible for me to take my creativity to the next level. I have always had an artistic eye, and I would even do fun photo shoots with my daughter, but I didn't have access to the really high-quality equipment that could help me take my photography skills to the next level.

I have been working alongside Matt since January, 2014, and I absolutely LOVE being able to spend special moments with couples and families while preserving those memories with my camera. I come away from weddings and other sessions feeling like I've known our clients forever (I've even been known to tell Matt, on more than one occasion, "Oh, I just want to be best friends with them!"). I take great joy in what I do, and it's made even better by the fact that I get to work alongside my best friend.

Thank you,

Matt Cavens
