Craigslist is not a forum so take your arguments elsewhere

Everyone is entitled to their own opinions.... Clearly there are people who are upset with the rescue and then there are folks who support it.

There are shitty rescues with good people and good rescues with shitty people.

There are reasons why each party is saying what they are saying and feeling how they feel. There are pros and cons

GET OVER IT!!!! Spay and neuter your pets!!! Then there won't be fights over tiny rescues in Vermont.

Last moth it was people bitching about ALL BREED RESCUE Now it's this one. Everyone has their own opinions based on their own
