LOOK - its Mr. Hugo! He is such a handsome mix of Boston and American Terrier. He is such a happy little camper! He is growing into the cuddliest little pup. Mr. Hugo needs an active family where he can get loads of love and cuddles, preferably one without small children. He already knows how to sit, needs a leash for walks but stays at your heal the entire time, he knows the meaning of no, loves to nibble on bones and sleep on soft and fluffy beds. He's extremely sweet and gentle and just wants to play and be hugged. He loves walks on the beach and visits to the park. He is the master of bed time spooning, belly rubs and loves to give and receive tons of kisses. He plays well with bigger dogs and with some past crate training Mr. Hugo is fully house broken (along with his daily walks).

His foster mom writes... he really needs stability and a permanent home with owners that can care for him, you see Mr. Hugo use to live with a family that neglected him, a young boy broke both his front legs and he suffered there for two months with his dangling broken legs just waiting to be loved. Due to surgery and lack of play Hugo needs to be on a lifelong daily poly chew supplement and plenty of socializing with other dogs. We rescued him at 4 months, so this poor guy was deprived of his puppy hood. Do you want to give this baby a home?? He really is the happiest puppy in the world! He is your friend, your partner, your defender, your dog. You are his life, his love, his leader. He will be yours, faithful and true, to the last beat of his heart. You owe it to him to be worthy of such devotion.

He's currently reaching 6 months, UTD with all vaccines, Flea and tick repellent, and neutered as of 6-16-2015. Micro chipped and UPD with heart worm meds.
