Want to start country music band

I want to start a county band. Not the new style the good old kind. I mean more like Johnny Cash. Hank William, Waylon Jennings, Merle Haggard etc. I want to do this for fun please be proficient on your instrument. I can play guitar and do some vocals I am thinking another vocalist would be good for certain songs my vocals don't work on. I would also like a lead guitarist, drummer, and bass player. I would prefer to play with people who are not into drugs of any kind. I'm OK with some drinking just as long as it does not effect your musical playing or attitude. If you have any interest answer this add. I've been in bands through out the area this is my first time branching out into something totally different. So if you like classic country drop me a line.
