We do all the advertising and scheduling and then you will choose the hours, days and areas you want to work M-F and we will book jobs according to what you tell us you want. You will have two appointments in Seattle and then will work from home and receive jobs by email and pay by check in the mail. We have many cleaners that work for us that do some of their own clients and work for us also. They are full now and we need more cleaners like them. If you have your own cleaning business, you can keep your own clients and work for us too. It is a great partnership.

You must have dependable car and car insurance, legal to work in the US, cleaning equipment and supplies, and the ability to read and write English.

We are looking for individual cleaners and also teams of two cleaners that have worked together before.
