You will be so happy you checked this out! I was a size 16, now down to size 0 in less than 3 months. Lost 40 lbs. the healthy way. I know and have tried everything to lose weight. I can definitely help you! I can coach you to take appropriate steps to lose weight through the gastric sleeve surgery. I am a Goal Coach and have now updated my practice to Bariatric Patients, or those who are seriously considering having the surgery but are facing obstacles. After surgery is most difficult, and I assure you I can coach you out of the post bariatric funk!
