National Sports Video Production & Streaming Company looking to hire a sports livestreaming webcast producer for a youth soccer tournament

This is a very last minute hire, as we had an emergency with one of our producers who can't make it

We are looking for someone who is knowledgeable in live-switching and producing a webcast on a Tricaster and/or Blackmagic Studio setup.... Its a very basic setup w/ 3 cameras and a commentator.

It is for a "younger" producer, as its a youth soccer tournament - so we dont have alot of money to spend on the gig.

July 21-26 in Tulsa, Oklahoma

There are a few youth level games on July 21-23; then off on 24th, then 2 games a day on 25th/26th....

We need a resume, experience and proficiency using this equipment and similar setup.

\$1,200 for the
