Babysitters or Nanny (flexible hours)

Location **Alaska** https://www.genclassifieds.com/x-582604-z

I am looking for babysitting or nanny work. I have very flexible hours, even in the fall. I am a student at UAA . I have babysat in the past for 4 years. I love children and I am looking to babysit while not in classes. (I am also willing to provide a fall class schedule to work around if long term service is desired) I am caring, compassionate, understanding, and have a lot of patience . I love to cook and clean for children as well. I am good with pets and children of all ages. I have a car so I have no trouble with transportation. As well I am willing to provide valid information and a background check if desired. Pay is negotiable based on number of hours desired and if any other tasks like taking children to classes or sports is needed as well.

Please feel free to email me, however through phone is.
