## East Contra Costa Agricultural Exchange

East Contra Costa Agricultural Exchange is a place to trade, sell, and barter items and services that are related to agriculture. If you make clothing or bake bread make a trade with someone who has something you may need. Are you selling a tractor or rototiller? Keep it ag related and clean. It is a open page and family oriented. Times are tough so learn to barter for items you may need and make use of your extra vegetables in your garden.

If you are joining to sell your sun glass's don't . I will just delete your post and kick you out of the group!!

Find us on Face Book: <https://www.facebook.com/groups/>
