

1 IMMEDIATE OPENING (Field Club, Hanscom Park, Midtown)

Location

Iowa

<https://www.genclassifieds.com/x-582956-z>

I have a small licensed in home day care with over 20 years of experience. I am close to an interstate exit for those who work downtown and I am also close to the Med Center and Mutual of Omaha. I care for children from newborn through school age. The children in my care are taught to love and respect each other and to treat each other the way that they would want to be treated. We work on social skills with an emphasis on manners and sharing. My day care parents and I have a close relationship and we work together to achieve a consistent environment for the children. I am CPR and First Aid trained and I am on the USDA food program. My rates are \$100.00 per week per child and my hours are from 7:00 - 5:30. I currently have 1 opening for a child 18 months of age and older, and I would be happy to provide you with references from both current and former families. Please call if you would like to have more information or if you would like to set up an interview.
