

# Kittens Nine Week Old Male and Female Kittens

Location **Delaware**  
<https://www.genclassifieds.com/x-582972-z>

We are ready for our forever home! We are named George (black and white male), Sophia (tabby female), and Simba (black female). We were rescued from a farm and are in a foster home. We have been bottle fed so we are extremely sweet and affectionate. We are neutered/spayed and received our distemper combo and rabies shots. We have been wormed and are doing great. We are negative for FeLV and FIV.

George is currently hanging out at a friends gift shop getting all kinds of love and attention from all the customers. Sophia and Simba are in a foster home in Oxford. We just really want a home of our own so we can play like kittens do.

Please make arrangements to come and see us. We are very precious so we will only be adopted to an indoor home only. Vet references are required. There is a \$60 re-homing fee for each kitten to cover our surgery and shots as well as our SNAP testing.

Thank you for considering us for your loving!
