

FairfaxChantilly Homebrew Meet Ups

Location **Washington**

As a beginner homebrewer (6 brews under my belt) I want to share and discuss my homebrews with others who share my interest. There are a few homebrew clubs in the area but all meet on nights when I work. I would like to set up some meetings in the Fairfax/Chantilly area on Sunday or Monday days/nights. If these go well then maybe we can form a homebrew club of our own. Please contact me if you are interested in meeting up to: discuss homebrewing, brew with other homebrewers, visit local breweries, receive input on your homebrews, share ideas and equipment, help other brewers become better brewers.

Thanks!
