Professional videographer/photographer available to take your Boudoir/erotic photos and videos. Ladies I make a living doing boring corporate things. I do this for fun. So if you are in need of photos or would like to make videos for the web let me know.

For those using self taken phone photos, this is a great and free way to replace those pics with professional ones. Touch up work is also available to make you look your best.

I generally shoot in my West Side (Eagle Creek Area) home.

Sessions take 2-4 hours
